

# Wang Junnan

Institute of Operations Research and Analytics, National University of Singapore  
Innovation 4.0, #04-01, 3 Research Link, Singapore 117602  
Email: [junnan.wang@u.nus.edu](mailto:junnan.wang@u.nus.edu)

## EDUCATION

---

- 2018 – Present Ph.D. student in Operations Research and Analytics (NUS) *Singapore*
- Modules: Microeconomic Theory, Stochastic Processes, Optimization, Applied Econometrics
- 2016 – 2017 M.Sc. in Applied Economics (NTU) *Singapore*
- Research Project: “Trembling hand and ambiguity aversion in exponential Centipede games” supervised by Prof. Yohanes Eko Riyanto
- 2012 – 2016 B.A. (Hons) in Mathematics (Oxon) *United Kingdom*
- Research Project: “A box model study of thermohaline circulation” supervised by Prof. Catherine Wilkins

## AWARDS

---

2018 – Present NUS Research Scholarship

## EMPLOYMENT

---

- 2018 Research Assistant (China Development Research Foundation) *China*
- Focused on macroeconomic analysis and industrial development
  - Organized Bozhi Macro Forum and was responsible for report writing
  - Assisted the Research Team of China Development Forum 2018 held at Diaoyutai State Guesthouse
- 2013 – 2014 Studio Potter *China*
- 2013 Spring Intern (J.P. Morgan) *United Kingdom*

## SKILLS

---

Languages: Mandarin (Native Speaker), English (Bilingual)

IT Skills: Stata, EViews, LaTeX, MATLAB, R, Python

## RESEARCH INTERESTS

---

Mechanism Design, Optimization, Stochastic Models, Decision Making
