

Soft Science, 33(3): 86-91. (in Chinese)

Shuguang Zhang, Bin Dan, Dafei Wang. 2018. Capacity Planning in Product Service Supply Chain Under Sales Service Integrator Provides After-sales Service. *Journal of Systems & Management*, 27(3): 580-587. (in Chinese)

WORKING
PAPERS

“Distribution and After-Sales Service Channel Strategies under Asymmetric Retailer Competition”, with Weishi Lim, Ziqiu Ye, Bin Dan.

“Strategic Capacity Commitment in Channel Competition”, with Weishi Lim.

WORK-IN-
PROGRESS

“Asymmetric Competition with Loyal Customer”, with Weishi Lim and Ziqiu Ye.

“Relative vs. Absolute Volume-Based Export Restrictions: Choice, Design, and Effectiveness”, with Lucy Gongtao Chen, Aditya Vedantam, and Nagesh Gavirneni.

“The Impact of Consumer Quality Target on Product Line Design” with Lucy Gongtao Chen, Qingshan Kong.

“Information Sharing and After-sales Service Deployment under a Competitive Supply Chain” with Bin Dan, Yanlu Zhao.

“Cooperation on Carbon Audit Result Sharing among Competitors” with Hongyong Fu, Yifeng Lei.

“To Build or to Cooperate? The Introduction of a Showroom of an e-commerce Platform” with Mengli Li.

ACADEMIC
PROJECT
EXPERIENCE

Natural Science Foundation of China, “Capacity sharing and investment strategies of supply chain under the integration of manufacturing and service”, Principal Investigator.

Chinese Postdoctoral Science Foundation, “Capacity sharing and optimization between competitive enterprises under servitization”, Principal Investigator.

Natural Science Foundation of Chongqing, “The strategy of capacity sharing and optimization in a product and service supply chain under demand uncertainty”, Principal Investigator.

Chongqing Scientific & Technological Talents Program, “Research on service

strategy in multi-channel supply chain under uncertain environment”, Principal Investigator.

Chongqing University Postgraduates’ Innovation Project, “Capacity planning and coordinating in product service supply chain under stochastic demand”, Principal Investigator.

Natural Science Foundation of China, “Operation optimization and coordination of product-service systems oriented supply chain”, Participant.

INDUSTRY PROJECT EXPERIENCE Electric Power Research Institute of Chongqing Electric Power Company, State Grid Corporation of China, “Electric energy measuring assets life cycle management and verification forecasting model”, 2014-2015.

WORKING EXPERIENCE *Research Fellow* APR 2022- Now
National University of Singapore (Chongqing) Research Institute, China

Postdoctor APR 2021- MAR 2022
National University of Singapore, Singapore

Sino(Chongqing)-Singapore joint Postdoctor FEB 2019 - MAR 2021
National University of Singapore, Singapore

TEACHING EXPERIENCE *Teaching Assistant*
• Master of Business Administration, Chongqing University 2014

ACADEMIC HONORS AND AWARDS Graduate National Scholarship 2017
Graduate National Scholarship 2014
