

KUN QIAN

e0983435@u.nus.edu

EDUCATION

National University of Singapore Ph.D. student in Operations Research	Singapore <i>2022 - present</i>
Purdue University Ph.D. student in Management (the Quantitative Methods area)	West Lafayette, IN, U.S. <i>2019 - 2021</i>
Columbia University M.A. in Statistics	New York, NY, U.S. <i>2017 - 2019</i>
University of Science and Technology of China B.Sc. (Honors) in Mathematics	Hefei, China <i>2013 - 2017</i>

RESEARCH INTERESTS

Deterministic optimization and optimization under uncertainty. Especially tractable formulation and approximation.

RESEARCH EXPERIENCES

Convex relaxation of composite functions in nonlinear programs Purdue University	<i>2021</i>
Relaxation of Mixed 0-1 Linear Programs Purdue University	<i>2020</i>

TEACHING

Purdue University
Teaching Assistant, MGMT 306 Management Science, Spring 2020
Teaching Assistant, MGMT 305 Business Statistics, Fall 2019

COMPUTER SKILLS

C, MATLAB, R.
